Survival of pensioners' organization is on performance. Good organization care more for the recognition by the masses they serve (pensioners in our case) than the recognition by the Government. BPS has a history of learning from the past & to mould itself to the future requirement. It has been our endeavour to serve you better & it is this zeal that BPS wish its affiliates to progress & strengthen themselves .If you grow BPS too will grow .Though often Secretary Genl. has been giving you inputs through his writings & speeches being published in monthly magazine of 'Bharat Pensioners Samaj' but in today's scenario of modern technology & management skills, upgradation of both i.e the Federation & the affiliates is necessary.
