Pensioners knock at CAT doors

Chandigarh, May 2

Feeling aggrieved with injustice, a large group of Senior Administrative Grade Pensioners have approached Principal Bench of CAT, New Delhi. They claim that Central Government Pensioners at certain levels have been deprived of their rightful minimum pension from 1-1-2006 as compared to similarly placed post 2005 pensioners.

"It is a high time that the Govt re-fixes the pension correctly from 1-1-2006 as per directive of CAT and reconfirmed by Delhi High Court without any further delay and let not the obduracy of bureaucracy come in the way of belated justice. Subjecting the aged Senior Citizens to any further unwarranted litigation in the evening of their life is not only a wasteful expenditure of government and harassment to pensioners but also in blatant violation of the National Litigation Policy," said NP Mohan, Chief Engineer (retd) , Railways.— TNS
